Sushant Khatri

Bs.Computer Science

Summary

My goal is to design and develop technology that challenges conventional systems, improves efficiency, and creates measurable impact. I aim to innovate at the intersection of software engineering and emerging technologies, building solutions that are scalable, intelligent, and future-ready.

Education

-Creative Learners' Academy/ Secondary School (2016-2018)
-Himalaya College/High School (2019-2021)
-Jacksonville State University (2023 Jan-2023 may)
-Jefferson State Community College(2023 Aug-2023 Dec)
-Dallas College (2024 Jan-2026 may)
(Maintaining 3+ Grade Point Average overall)

Honors & Schlorship

🥇 Merit-Based Scholarships at Jacksonville State University
🏆 Competitive Foundation Scholarships at Jacksonville state University

Experience

Academic Projects – Computer Science
JSU | 2023- 2024 , JSSC |2024 to 2025 & Dallas College | 2025 to Present

- Developed Python programs implementing data structures and basic algorithms
- Built a console-based application using object-oriented programming concepts
- Applied problem-solving skills to debugging and optimizing code
- Completed coursework in introductory programming and computational thinking

Programming Practice & Personal Projects / MACHINE learning

- Building small applications using C++ to strengthen understanding of memory management and OOP
- Developing interactive web features using JavaScript
- Practicing algorithm challenges to improve problem-solving skills

Technical Development

- Learning and applying Python, C++, and JavaScript in academic and personal projects
- Exploring machine learning concepts including regression and classification
- Strengthening knowledge of algorithms, data structures, and object-oriented programming

Expertise Skills learning

Programming

- **Python**
- **C++**
- **JavaScript**

Data & Machine Learning

- **Machine Learning Basics**
- **Data Analysis**
- **NumPy / Pandas**

Core CS Concepts

- **Object-Oriented Programming (OOP)**
- **Data Structures**
- **Algorithms**
- **Problem Solving**

🛠️ **Tools**

- **Git/gitkraken/github**
- **VS Code**
- **Jupyter Notebook**

Professional Experience

Digital Marketing & Content Creator at Samagra Builder PVT. LTD
\ From 2021 to 2013
Skill Aquired:

- **Managed social media campaigns and created engaging digital content**
- **Analyzed performance metrics (CTR, engagement, conversions) to improve results**
- **Used data insights to optimize advertising and content strategy**
- **Collaborated on brand campaigns and audience growth initiatives**
